ABOUT ME

I am a talented professional with a focus on Computer Science, currently pursuing my 1st degree from Obafemi Awolowo University. My skills include React.js, React Native JavaScript, Typescript, Node.js, and graphic design. Combining my passion for technology with a strong foundation in computer science, I create user-friendly websites, web apps and mobile apps that are visually appealing. I strive to deliver high-quality solutions by leveraging my expertise in front-end development and design.
